

TOUR 1: CITY HALL / UPRIVER TOUR

This tour takes you on a circular route from City Hall upriver to the Old Government House grounds, then winds its way through downtown's west plat residential neighborhood, terminating back into the commercial core and the Historic Garrison District. We begin the tour at Phoenix Square in the presence of the City Hall fountain's "Freddy the Little Nude Dude," the cherub characterization of Frederickton who dates from 1885. It is fitting that the square is named for the mythological phoenix as much of early downtown Fredericton was destroyed by fire and rose from the ashes.
